Philosophy

Young children learn best through play and play is an opportunity for learning.

The Mt. Prospect Park District Li'l Mountaineers Preschool provides an early learning environment. We believe that early learning and development are highly interrelated. Young children learn through active exploration of their environment through child-initiated and teacher-selected activities. We provide an early childhood curriculum that is appropriate for the group and the individual child. Preschool staff members and families work together to ensure that the children are provided with the optimal learning experiences.

Daily Activities

LEARNING CENTERS

Our preschool recognizes the Illinois Early Learning Standards in each aspect of the program. We also incorporate Jolly Phonics. The preschool classroom is divided into several areas designed to encourage learning through exploration, investigation and problem solving. Some centers remain constant while the presentation of others will vary.

- Reading Center
- Art Center
- Block Center
- Listening Center
- Math Center
- Science Center
- Dramatic Play
- Sand and Water Tables
- Circle Time
- Gym Activities
- Music and Movement
- Snack Time
